# TRUE BLUE

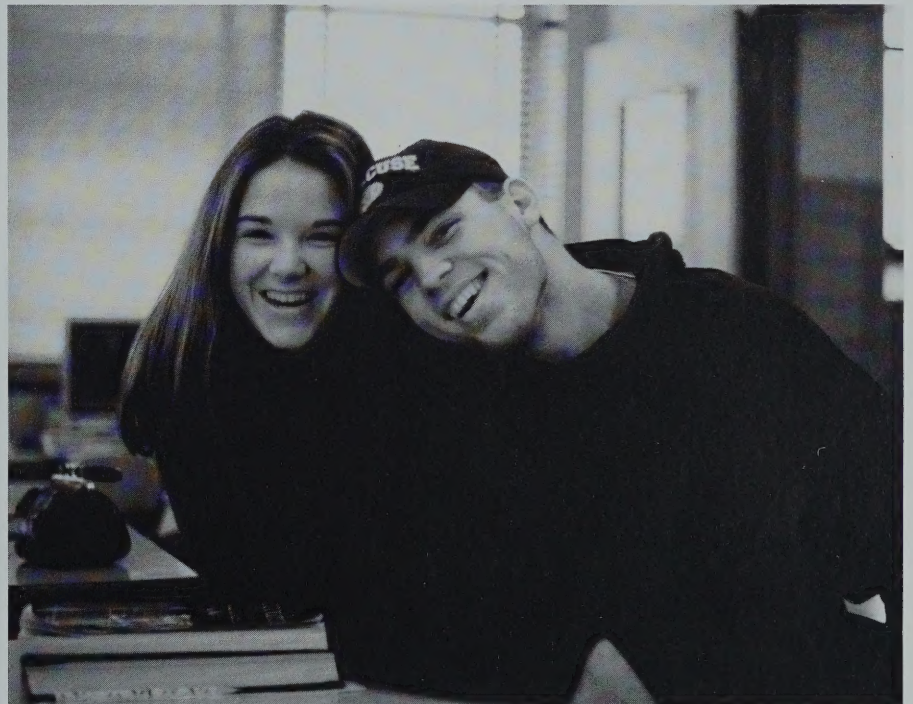

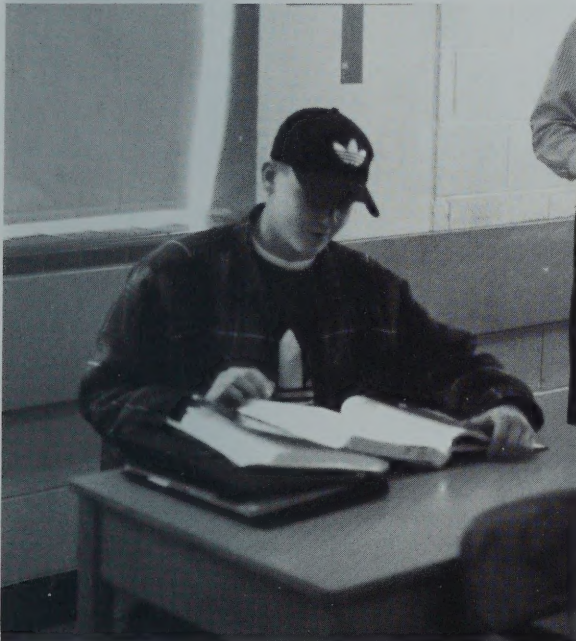

## Faculty & Academics

The faculty section was chosen to be called True Blue because we believe that many teachers are truly devoted to our education. Many teachers come to school early and don't leave until long after the bell rings at the close of school. Some of them have grown to be more than just a teacher, they have become our friends.

Shh . . . Colin's really sleeping.

Big Bird's not the only one smiling in Mr. Currant's room.

Bethany and Dennis put their heads together to get the work done.

Kate, Amanda, and Megan . . . isn't the board the other way?

# ROYAL PURPLE

## Senior Section

The senior section has been titled Royal Purple. We feel that by being seniors at Abington High School, we have achieved a rank of superiority throughout the school. Just as a king or queen inherits his or her throne, we have inherited this rank of superiority from the previous seniors. Although our senior privileges have deteriorated over the years, we still ask to be treated with respect and authority as royalty are. We have all seen the Prom and Homecoming kings and queens and their courts. However, over the past four years, each and every one of us has become a king or queen just by being who we are.

Janet, Megan, Katie and Melissa enjoy the sights on a trip to New York City.

Watch out for those senior boys — Roger, Paul and P.J.!!

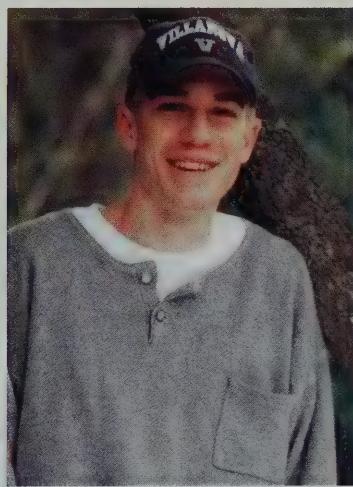

This group of senior girls spent time together down the Cape.

## Clubs, Activities and School Events

The term Code Red is a way of saying things are busy and on the move. This is why the clubs, activities, and school events section is titled this. We know that your lives are filled with things to do, some may be less important than others but that doesn't mean that they don't fill your schedule. Not only are things busy during a normal week but things like Prom, dances and meetings get thrown in. This makes your life hectic. Let's take a look . . .

Members of the band take a trip to Washington D.C.
